Nate Link, MD, MPH

Chief Medical Officer

Bellevue Hospital Center

Associate Professor of Medicine

NYU School of Medicine

Dr. Link is the Chief Medical Officer for Bellevue Hospital Center since 2012. Dr. Link earned his M.D. degree from Washington University School of Medicine in 1983, and then completed his internship and residency in internal medicine at Bellevue Hospital and NYU School of Medicine in 1983. In 1989, he received an M.P.H. with a concentration in health policy and management at Columbia University's Mailman School of Public Health. Dr. Link served as Chief of the Bellevue Primary Care Clinic from 1986 to 1990, Chief of the Medical Clinics from 1990 to 2001, and Chief of the Medicine Service from 2001 to 2012.

Dr. Link's responsibilities include oversight of quality of care and patient safety across the continuum of care in Bellevue's inpatient and outpatient services, several stints per year as ward attending (hospitalist), and conduct of a variety of inpatient and outpatient conferences. His research and educational interests include evidence-based medicine, patient safety, and the use of information systems to promote effective clinical care.
