**Lisa R. Sloane, MHA**

Founder

*Multimedia in Healthcare*  
*An Initiative of Lisa R. Sloane, LLC*

Lisa R. Sloane, MHA, is founder of Multimedia in Healthcare and initiative of Lisa R. Sloane, LLC. Multimedia in Healthcare develops on-line and computer-based solutions for training staff and consumers on healthcare topics specific to achieving better care and lower costs.

Sloane has a special interest in health disparities and has lead multiple projects to advance standardization of race, ethnicity, and language data categories and patient self-reporting methods. In addition, Sloane has played a key role in multiple healthcare transformation projects and is credited with securing more than \$100 million in resources to fund multi-stakeholder projects serving the Cincinnati region.

Lisa R. Sloane holds a Master of Health Administration degree from The Ohio State University. She enjoys experiencing life with family and friends. She is a jazz aficionado, fashionista and fitness buff residing in the beautiful, historic city of Cincinnati, Ohio.
