Peggy Turpin, CHESP

Operations Manager, Environmental Services

Ben Taub & Quentin Mease Hospitals

Peggy Turpin, CHESP currently serves as the Environmental Services Operations Manager for Ben Taub and Quentin Mease Hospitals in Houston, Texas. Ms. Turpin has enjoyed more than two decades in healthcare, and is responsible for guiding the overall innovations and changes that have netted improved and sustained patient satisfaction. In addition to her healthcare experience, Peggy has worked in the hospitality industry and financial fields which serve her well in improved outcomes of patient satisfaction while maintaining financial responsibility.

Peggy is involved with the National Alliance for Mental Illness, Annie's List, and involved with her church. She travels often as she enjoys history, architecture, and expanding her cultural awareness. Her passion is cooking for the family.
