ESSENTIAL  
HOSPITALS

Mini Swift, MD, MPH  
Assistant Chief Medical Officer  
Highland Hospital  
Director, Health Equity and Patient Experience  
Medical Director, Health Equity and Utilization Care Management  
Alameda County Medical Center

Swift is an internist with extensive experience in clinical program development and inpatient process improvement. Her work focuses on throughput and reducing readmissions. Swift's clinical duties include ward-attending responsibilities on the medicine inpatient teaching service and providing clinical oversight in Alameda County Medical Center's Healthy Hearts clinic, which serves patients with heart failure.

Swift holds a medical degree from Kasturba Medical College in India. She completed her residency and chief residency in the department of internal medicine at Highland Hospital and holds a master's degree in public health from the University of California, Berkeley.
