America's Essential Hospitals  
Government Relations Academy  
March 16, 2015

Lisa Potetz, Principal  
Health Policy Alternatives, Inc.

Health Policy Alternatives, Inc.

# ROLE OF FEDERAL REGULATIONS

- Regulations (aka “rules”) are the key policymaking tool for executive branch agencies
- Regulations have the force of law, and non-compliance may result in penalties (these vary)
- Several federal departments and agencies involved in issuing health care finance regulations

<b>Department of Health and Human Services HHS)/ Centers for Medicare &amp; Medicaid Services (CMS)</b>	Medicare, Medicaid, CHIP, Health Insurance Portability and Accountability Act (HIPAA). much of the ACA
<b>Department of Treasury/Internal Revenue Service</b>	HIPAA , ACA (i.e., premium tax credits, individual responsibility penalty)
<b>Department of Labor</b>	ERISA, HIPAA, ACA (as applies to employer sponsored plans)

- Not all agency actions require rulemaking, and rulemaking process can be waived due to exigent circumstances (e.g., natural disasters, states of emergency)

# REGULATORY PLANNING PROCESS

- Government-wide Regulatory Plan (fall) and Unified Agenda of Federal Regulatory and Deregulatory Actions (spring, fall)
  - Signals regulatory priorities, but not binding
- Annual Medicare provider payment regulations issued on a schedule necessary to achieve fiscal/calendar year implementation
  - Inpatient hospital: proposed by April 1<sup>st</sup>, final by August 1
  - Outpatient hospital: proposed by July 1<sup>st</sup>, final by November 1

# **Rulemaking Process Basics**

# BASIS FOR RULEMAKING

- Rulemaking requires an underlying statutory authority
  - Some laws specifically require issuance of a rule
  - Some laws authorize issuance of rules
- Rulemaking procedures are governed chiefly by the Administrative Procedure Act (APA) and various Executive Orders and directives (e.g., Executive Orders 12866 (Clinton) and 13563 (Obama))
  - Agencies prescribe rulemaking processes within these requirements

# The Reg Map

## Informal Rulemaking

### Step One

#### Initiating Events

**Agency Initiatives**

- Agency initiatives for rulemaking originate from such things as:
  - Agency priorities and plans
  - New scientific data
  - New technologies
  - Accidents

**Required Reviews**

**Statutory Mandates**

**Recommendations from Other Agencies/External Groups/Status/Federal Advisory Committees**

**Lawsuits**

**Petitions**

**OMB Prompt Letters**

### Step Two

#### Determination Whether a Rule Is Needed

**Administrative Procedure Act Provisions**

Under the Administrative Procedure Act provisions that are included as part of the Freedom of Information Act at U.S.C. 552, agencies are required to publish in the Federal Register:

- Substantive rules of general applicability
- Interpretive rules
- Statements of general policy
- Rules of procedure
- Information about fees
- Information concerning agency organization and methods of operation

### Step Three

#### Preparation of Proposed Rule

**Proposed Rule**

A notice of proposed rulemaking proposes to add, change, or delete regulatory text and contains a request for public comments.

**Administrative Procedure Act Provisions**

Under the Administrative Procedure Act provisions at U.S.C. 553, rules may be established only after proposed rulemaking procedures (steps three through six) have been followed, unless all exemption applies. The following are exempted:

- Rules concerning military or foreign affairs functions
- Rules concerning agency management or personnel
- Rules concerning public property, loans, grants, benefits, or contracts
- Interpretive rules
- General statements of policy
- Rules of agency organization, procedure, or practice
- Non-significant rules for which the agency determines that public input is not warranted
- Rules published on an emergency basis

**Note:** Even if an exemption applies under the Administrative Procedure Act provisions, other statutory authority or agency policy may require that proposed rulemaking procedures be followed.

**Optional Supplementary Procedures to Help Prepare a Proposed Rule**

**Advance Notice of Proposed Rulemaking**

An advance notice of proposed rulemaking requests information needed for developing a proposed rule.

**Negotiated Rulemaking**

Negotiated rulemaking is a mechanism under the Negotiated Rulemaking Act (5 U.S.C. 561-567) for bringing together representatives of an agency and the various interests to negotiate the text of a proposed rule.

### Step Four

#### OMB Review of Proposed Rule

**OMB Review Under 12866**

OMB reviews only those rulemaking actions determined to be "significant".

Independent agencies are exempt from OMB review.

### Step Five

#### Publication of Proposed Rule

**Administrative Procedure Act Provisions**

The Administrative Procedure Act provisions at U.S.C. 553 require proposed rules to be published in the Federal Register.

### Step Six

#### Public Comments

**Comments**

Under the Administrative Procedure Act provisions of U.S.C. 553, an agency must provide the public the opportunity to submit written comments for consideration by the agency.

As required by Public Law No. 107-347, agencies must provide for submission of comments by electronic means and make available online the comments and other materials included in the rulemaking docket under U.S.C. 553 (c).

Executive Order 12866 established 60 days as the standard for the comment period.

The holding of a public hearing is discretionary unless required by statute or agency policy.

### Step Seven

#### Preparation of Final Rule, Interim Final Rule, or Direct Final Rule

**Final Rule**

A final rule adds, changes, deletes, or affirms regulatory text.

**Special Types of Final Rules**

**Interim Final Rule**

An interim final rule adds, changes, or deletes regulatory text and contains a request for comments. The subsequent final rule may make changes to the text of the interim final rule.

**Direct Final Rule**

A direct final rule adds, changes, or deletes regulatory text at a specified future time, with a duty to withdraw the rule if the agency receives adverse comments within the period specified by the agency.

### Step Eight

#### OMB Review of Final Rule, Interim Final Rule, or Direct Final Rule

**OMB Review Under Executive Order 12866**

OMB reviews only those rulemaking actions determined to be "significant".

Independent agencies are exempt from OMB review.

### Step Nine

#### Publication of Final Rule, Interim Final Rule, or Direct Final Rule

**Congressional Review Act (5 U.S.C. 801-808)**

An agency must submit most final rules, interim final rules, and direct final rules, along with supporting information, to both houses of Congress and the General Accounting Office before they can take effect.

Major rules are subject to a delayed effective date (with certain exceptions).

Action by Congress and the President could have an impact on the rule.

**Administrative Procedure Act Provisions**

Under the Administrative Procedure Act provisions that are included as part of the Freedom of Information Act at U.S.C. 552, agencies are required to publish final rules, interim final rules, and direct final rules in the Federal Register.

**Federal Register Act (44 U.S.C. 1501-1511)**

The Federal Register Act at 44 U.S.C. 1510 (implemented at 1 CFR 101) requires rules that have general applicability and legal effect to be published in the Code of Federal Regulations.

## Using The Reg Map

The Reg Map is based on general requirements. In some cases, more stringent or less stringent requirements are imposed by statutory provisions that are agency specific or subject matter specific. Also, in some cases more stringent requirements are imposed by agency policy.

In a typical case, a rulemaking action would proceed from step one through step nine with a proposed rule and a final rule.

However, if a rulemaking action is exempt from the proposed rulemaking procedures under the Administrative Procedure Act provisions (explained under step three) or under other statutory authority, an agency may:

- promulgate a final rule omitting steps three through six, or
- promulgate an interim final rule omitting steps three through six, but providing a comment period and a final rule after step nine.

Also, if an agency determines that a rule likely would not generate adverse comment, the agency may promulgate a direct final rule, omitting steps three through six, but with a duty to withdraw the rule if the agency receives adverse comments within the period specified by the agency.

### Specific Analyses for Steps Three and Seven

**Regulatory Planning and Review (E.O. 12866)**

Would the rule have a \$100 million annual impact, raise new issues, or raise other significant impacts? → **If yes** Prepare economic impact analysis.

**Regulatory Flexibility Act (5 U.S.C. 601-612)**

Is a notice of proposed rulemaking required by law? → **If yes** Prepare regulatory flexibility analysis.

Would the rule "have a significant economic impact on a substantial number of small entities"? → **If yes** Prepare regulatory flexibility analysis.

**Paperwork Reduction Act (44 U.S.C. 3501-3520)**

Does the rule contain a "collection of information" requiring, disclosure, or recordkeeping? → **If yes** Prepare information collection disclosure package for OMB review and approval, and prepare request for public comments.

**Unfunded Mandates Reform Act (2 U.S.C. Chs. 17A, 25)**

Does the rulemaking process include a proposed rule? → **If yes**

Does the rule include any federal mandate that may result in the expenditure (in total costs minus direct federal costs) by State, local, and tribal governments, in the aggregate, or by the private sector of \$100 million in any one year (adjusted annually)? → **If yes** Prepare unfunded mandates analysis (unless an exclusion applies).

**Federalism (E.O. 13132)**

Is the rule a discretionary rule that has federalism implications and imposes substantial unfunded direct compliance costs on State and local governments? → **If yes** Prepare federalism summary impact statement.

Does the rule have federalism implications and preempt State law? → **If yes** Prepare federalism summary impact statement.

**Indian Tribal Governments (E.O. 13175)**

Is the rule a discretionary rule that has tribal implications and imposes substantial unfunded direct compliance costs on Indian tribal governments? → **If yes** Prepare tribal summary impact statement.

Does the rule have tribal implications and preempt tribal law? → **If yes** Prepare tribal summary impact statement.

**National Environmental Policy Act (42 U.S.C. 4321-4347)**

Is the rule categorically excluded from review? → **If no**

Does the rule constitute a major federal action that could significantly affect the quality of the human environment? → **If yes** Prepare environmental assessment or environmental impact statement, as appropriate.

**National Technology Transfer and Advancement Act (15 U.S.C. 272 note)**

Does the rule contain provisions for which the use of voluntary standards is applicable? → **If yes** Adopt voluntary consensus standards or explain why not.

**Governmental Actions and Interference with Constitutionally Protected Property Rights (E.O. 12630)**

Does the rule regulate private property use for the protection of public health or safety? → **If yes** Prepare takings analysis.

Is the rulemaking a proposed regulatory action that has takings implications (other than regulating private property for the protection of public health and safety)? → **If yes** Prepare takings analysis.

**Protection of Children from Environmental Health Risks and Safety Risks (E.O. 13045)**

Is the rulemaking a "covered regulatory action"? → **If yes** Prepare analysis of the environmental health or safety effects on children.

**Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use (E.O. 13211)**

Is the rulemaking action a "significant energy action"? → **If yes** Prepare statement of energy effects.

### Drafting Requirements for Rulemaking Documents

**Regulatory Planning and Review (E.O. 12866)**

Rulemaking documents must comply with the specified regulatory philosophy and principles of regulation.

**Civil Justice Reform (E.O. 12988)**

Rulemaking documents must be written in clear language designed to help reduce litigation.

**Presidential Memorandum on Plain Language (63 FR 31885)**

Rulemaking documents must comply with plain language principles.

**Federal Register Publications**

Rulemaking documents must comply with the Federal Register requirements (1 CFR). Additional standards and requirements are contained in the Federal Register's Document Drafting Handbook.

### Agendas for Rules Under Development or Review

**Unified Regulatory Agenda**

The Unified Regulatory Agenda provides information concerning agency rules under development or review.

The Unified Regulatory Agenda is published in the Federal Register in the spring and fall of each year.

**Regulatory Plan**

The Regulatory Plan provides information concerning the most important significant regulatory actions that the agency is planning to take.

The Regulatory Plan is published in the Unified Regulatory Agenda in the fall of each year.

**Regulatory Flexibility Agenda**

The Regulatory Flexibility Agenda provides information concerning any rule that an agency expects to promulgate that is likely to have a significant economic impact on a substantial number of small entities.

Agency regulatory flexibility agendas are published as part of the Unified Regulatory Agenda in the spring and fall of each year.

ICF reports on drafting rulemaking documents and preparing supporting analyses.

Visit us at [www.regmap.org](http://www.regmap.org). Also, check out [www.regmap@icf.com](mailto:www.regmap@icf.com) for a faster, cheaper, and better way to respond to public comments on proposed rules.

# PUBLIC COMMENT

- Each proposed rule describes procedures for submitting public comment and specifies the deadline for accepting comments
- Public comment periods are generally 60 days; may not be less than 30 days
  - May be triggered by public inspection or *Federal Register* publication
- Comments may be submitted online and are publicly available on the *regulations.gov* website.
- Commenters may address some or all issues raised in the proposed rule
  - Agencies will sometimes specifically solicit comments on certain issues
  - Comments on issues not addressed in the proposed rule may not receive immediate agency attention

## PR Medicaid Program: Disproportionate Share Hospital Payments; Uninsured Definition

This Proposed Rule document was issued by the **Centers for Medicare Medicaid Services (CMS)**

For related information, [Open Docket Folder](#)

Comment Period Closed

Feb 17 2012, at 11:59 PM ET

### Action

Proposed rule.

### Summary

This proposed rule addresses the hospital-specific limitation on Medicaid disproportionate share hospital (DSH) payments under the Social Security Act. Under this limitation, DSH payments to a hospital cannot exceed the uncompensated costs of furnishing hospital services by the hospital to individuals who are Medicaid-eligible or "have no health insurance (or other source of third party coverage) for the services furnished during the year." This rule would provide that the quoted phrase would refer in context to a lack of coverage on a service-specific basis, so that the calculation of uncompensated care for purposes of the hospital-specific DSH limit would include the cost of each service furnished to an individual who had no health insurance or other source of third party coverage for that service.

### Dates

To be assured consideration, comments must be received at one of the addresses provided below, no later than 5 p.m. on February 17, 2012.

### Addresses

In commenting, please refer to file code CMS-2315-P. Because of staff and resource limitations, we cannot accept comments by facsimile (Fax) transmission.

You may submit comments in one of four ways (please choose only one of the ways listed):

1. *Electronically.* You may submit electronic comments on this regulation to <http://www.regulations.gov>. Follow the "Submit a comment" instructions.
2. *By regular mail.* You may mail written comments to the following address ONLY: Centers for Medicare & Medicaid Services, Department of Health and Human Services, Attention: CMS-2315-P, P.O. Box 8016, Baltimore, MD 21244-8016.

Please allow sufficient time for mailed comments to be received before the close of the comment period.

### Comments

71

Comments Received\*

# COMPONENTS OF A PROPOSED RULE

- Preamble
- Proposed changes to regulatory text in the Code of Federal Regulations
- Other sections required by law or Executive Order

# COMPONENTS OF A PROPOSED RULE: PREAMBLE

- A narrative explaining
  - the statutory authority;
  - regulatory history;
  - proposed regulatory provisions and rationale;
  - effective dates of changes;
  - instructions for public comment; and
  - agency staff contacts for further information.
- May include links to further information on agency website or elsewhere
  - Data tables
  - Detailed reports and analysis

# PROPOSED RULE: CHANGES TO REGULATORY TEXT

- Proposed changes to the Code of Federal Regulations (CFR)
  - Medicare and Medicaid appear in volume 42 of the CFR
  - ACA insurance coverage regulations from HHS appear in volume 45
- Not all proposed rules involve CFR changes
- Medicare Inpatient Prospective Payment System annual rules, for example

## **§412.8 Publication of schedules for determining prospective payment rates.**

....

(b) Annual publication of schedule for determining prospective payment rates. (1) CMS proposes changes in the methods, amounts, and factors used to determine inpatient prospective payment rates in a Federal Register document published for public comment not later than the April 1 before the beginning of the Federal fiscal year in which the proposed changes would apply.

(2) Except as provided in paragraph (c) of this section, CMS publishes a Federal Register document setting forth final methods, amounts, and factors for determining inpatient prospective payment rates not later than the August 1 before the Federal fiscal year in which the rates would apply.

# PROPOSED RULE: OTHER REQUIRED COMPONENTS

- Regulatory impact analysis of costs and benefits is included if economic impact of \$100 million or more in any year
- Discussion of alternatives considered by the agency
- Paperwork Reduction Act requirements
- Regulatory Flexibility Act (effect on small entities)
- Unfunded Mandates Reform Act (aggregate effect on state, local, and tribal governments and on private sector)
- Federalism Impact Statement (state and local compliance costs, preemptions of state law)

# INFORMATION COLLECTION REQUIREMENTS

- Paperwork Reduction Act of 1995 requires that agency information collections have practical utility, minimize duplication and burden, and support the agency mission.
- Requires OMB approval of surveys, other data collection forms
- Agencies must provide 30-day notice in the *Federal Register* and solicit public comment before a collection of information requirement is submitted to OMB.
- The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Proposed rule may describe proposed information collection requirements for comment (and provide link to forms), or may direct reader to a separate notice on collection of information requirements.

# Federal Rulemaking Process in Brief

Statute Directs or Authorizes Agency Rulemaking

Agency drafts proposed rule

Review and clearance: Agency, Department and the Office of Management and Budget (OMB)

*Federal Register* publication; public comment period opens

Public submits comments

Agency drafts final rule

Review and clearance: Agency, Department and OMB

Federal Register publication of final rule

Codification in the *Code of Federal Regulations*

# DEVELOPMENT OF FINAL RULE

- Agency reviews public comments on proposed rule
- Care taken in meetings with stakeholders on topics addressed in proposed rule
  - Agency practices vary regarding “ex parte” communication
- Final decisions made and response to public comments prepared
- Agency/Department internal review and clearance process
- Review by OMB
- Final rule publication in the *Federal Register*
- New or revised regulatory text updated on [ecfr.gov](http://ecfr.gov) and the Code of Federal Regulations publications

# TIMING OF FINAL RULE

- For rules with a statutory deadline, time between proposed and final rule may be compressed
- Issuance of a final rule may be delayed, particularly if there is no statutory deadline
  - For example,
    - Medicaid Program: Disproportionate Share Hospital Payments, Uninsured Definition  
Proposed: January 18, 2012      Final: December 3, 2014
    - “Medicaid Program: Methods for Assuring Access to Covered Medicaid Services”  
Proposed : May 6, 2011      Final: ???

# COMPONENTS OF FINAL RULE

- Follows structure of proposed rule
- In the preamble to the final rule, comments received on the proposed rule are summarized and the agency response presented
- Provisions of the proposed rule may be finalized without change, adopted with modification, or may not be finalized
- A policy may not be finalized if the proposed rule did not clearly provide notice to the public that it may be adopted
- Effective dates of changes adopted in the final rule are specified
  - Major rules may not take effect for at least 60 days
- Final regulatory impact analysis, collection of information requirements, and other required material

# VARIATIONS OF A FINAL RULE

- Final Rule with Comment Period: A final rule is issued, but some provisions are open for public comment
  - Provisions may or may not be effective
- An Interim Final Rule may be issued without a proposed rule if agency determines that it has “good cause” to do so
  - Agency must explain “good cause” rationale in the preamble
  - Rule effective when issued, but open to public comment
  - Agency may later issue final rule responding to comments

## SUPPLEMENTARY INFORMATION:

### I. Background

In FR Doc. 2014–18545 which appeared in the August 22, 2014 *Federal Register* (79 FR 49853), titled “Medicare Program; Hospital Inpatient Prospective Payment Systems for Acute

Care Hospitals and the Long-Term Care Hospital Prospective Payment System and Fiscal Year 2015 Rates; Quality Reporting Requirements for Specific Providers; Reasonable Compensation Equivalents for Physician Services in Excluded Hospitals and Certain Teaching Hospitals; Provider Administrative Appeals and Judicial Review; Enforcement Provisions for Organ Transplant Centers; and Electronic Health Record (EHR) Incentive Program” (hereinafter referred to as the FY 2015 IPPS/LTCH PPS final rule), there were a number of technical errors that are identified and corrected in section IV. of this correcting document. The provisions in this correction document are effective as if they had been included in the FY 2015 IPPS/LTCH PPS final rule that appeared in the August 22, 2014 *Federal Register*. Accordingly, the corrections are effective October 1, 2014.

## II. Summary of Errors and Corrections to Tables Posted on the CMS Web Site

### A. Summary of Errors in the Preamble

On page 49865, in our discussion of the summary of costs and benefits of the payment adjustment of the Hospital-Acquired Condition (HAC) Reduction Program for FY 2015, we made a technical error in the amount by which overall payments would decrease.

On page 49918, in our discussion of new technology add-on payments, we made an error in the amount of the maximum add-on payment for Voraxaze®.

On page 49940, we made an error in our discussion of the FY 2015 new technology add-on payment for the

# CONGRESSIONAL REVIEW ACT\*

- Before a final rule can take effect, the rule and any cost-benefit analysis must be filed with the House, the Senate, and the General Accountability Office (GAO)
- Major rules (as determined by OMB) may not be effective for at least 60 days after publication in the *Federal Register* or submission to Congress, whichever is later; GAO reports on agency compliance
- For any rule, a resolution of disapproval may be introduced in Congress within 60 days of receipt; expedited voting procedures
  - If enacted, resolution nullifies the rule, even if already in effect
  - President must sign resolution of disapproval
  - Rarely used to date; might apply best to “midnight rules” issued at end of an Administration (used by Bush to overturn Clinton OSHA ergonomics rule)
- Congress may also block implementation of regulation through appropriations bills or other legislation

# JUDICIAL REVIEW OF REGULATIONS

- Individuals negatively affected by a regulation may seek relief in the courts
- Court decides relevant questions of law, interprets constitutional and statutory provisions, and determines the meaning or applicability of the terms of a regulation (or other agency action)
- APA (5 U.S.C. §701–708) specifies when an agency action, findings, and conclusions can be held to be unlawful and set aside. Includes those that are:
  - (A) arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law
  - (B) contrary to constitutional right, power, privilege, or immunity
  - (C) in excess of statutory jurisdiction, authority, or limitations, or short of statutory right
  - (D) without observance of procedure required by law
- *King v Burwell*: judicial review of how the IRS interpreted and implemented provisions of the ACA in regulation

# SUB-REGULATORY GUIDANCE

- Agency further clarifies and operationalizes regulatory policy
- Notice and comment rulemaking process does not apply
- Especially important in Medicaid and CHIP
  - State Medicaid Director and State Health Official Letters
  - Center for Medicaid & CHIP Services Informational Bulletins
- Medicare Advantage and Part D plans (annual process)
  - Advanced Notice of Changes in Methodology
  - Announcement of Capitation Rates and Policies
- Frequently Asked Questions (FAQs)
- Medicare manuals and transmittals
- Regtap.info (ACA Marketplace)

## Federal Policy Guidance

As part of the state-federal partnership in administering the Medicaid and CHIP programs, the Centers for Medicare and Medicaid Services (CMS) issues guidance in the form of letters to State Medicaid Directors, letters to State Health Officials (often regarding CHIP policy or financing issues), Informational Bulletins, and Frequently Asked Questions to communicate with states and other stakeholders regarding operational issues related to Medicaid and CHIP. In addition, CMS issues federal regulations that codify statutory provisions and also policies that have been previously outlined in sub-regulatory guidance. The supporting documents are [searchable](#) on this page.

Re: Medicaid Payment for Services  
Provided without Charge (Free Care)

December 15, 2014

Dear State Medicaid Director:

This letter addresses Medicaid payment for services covered under a state's Medicaid plan to an eligible Medicaid beneficiary that are available without charge to the beneficiary (including services that are available without charge to the community at large, or "free care"). We are issuing this guidance to ensure that Medicaid payment is allowed for any covered services for Medicaid-eligible beneficiaries when delivered by Medicaid-qualified providers. In particular, we intend to remove any ambiguity about the application of a "free care" policy.

# INFLUENCING THE RULEMAKING PROCESS

- Ongoing dialogue with agency staff and officials
- Make agency aware of concerns before proposed rule issued
- Submit written comments during public comment period
- Meetings with agency staff after proposed rule is released offer opportunity to further explain concerns addressed in written comments
  - Not opportunity for dialogue with agency
