Vivian Sun

Associate Executive Director,
Organization and Staff Development (OSD)
South Manhattan Healthcare Network

Vivian Sun is the Associate Executive Director of Organizational and Staff Development (OSD) for the South Manhattan Healthcare Network and leads the Bellevue Breakthrough Department. She is a Registered Dietitian, former chair of the HIV/AIDS Dietetic practice group within the nationally acclaimed Academy of Nutrition and Dietetics.

While focusing on strategic initiatives within ADA, she became involved with the concept of Organizational Development. From there, she expanded her role in healthcare and focused on quality of care improvements through talent development with an emphasis on employee engagement. She has taken a leading role in creating and implementing innovative programs designed to enhance a variety of critical staff competencies within the hospital system. These initiatives emphasize many of the core themes pertinent to the field of Organizational Development today, including Team Building, Group Dynamics, Talent Management, Work Motivation, Succession Planning,
